A diver is shown underwater, holding a selfie stick with a camera attached. The diver is positioned horizontally, reaching out with the selfie stick towards the right. The background is a vibrant blue underwater scene with sunlight filtering through the water, creating rays. There are various coral reefs and small fish visible. The overall atmosphere is serene and adventurous.

01

1950mAh high-capacity battery

02

7.4Wh actual power output

03

Reliable performance at -20°C

SPECIFICATIONS

Product Weight: 34.9g

Product Dimensions: 40.6×13.2×33.4mm

Rated Capacity: 1950mAh, 7.39 Wh

Charging Voltage: 4.48V (Max)

Rechargeable Lithium-Ion Battery For Hero 13

**01**

High-quality battery cells, capable of over 400 charge cycles

02

Be comparable to the original batteries.

03

Telesin's exclusive design patent ensures compliance without concerns

Rechargeable Lithium-Ion Battery For Hero 13

SPECIFICATIONS

Product Weight: 34.9 g
Product Dimensions: 40.6×13.2×33.4 mm
Rated Capacity: 1900 mAh, 7.39 Wh
Charging Voltage: 4.48 V (Max)

01

Portable and lightweight design

02

LED power indicators

03

Fast charging for three batteries simultaneously

04

Can accommodate two TF cards

SPECIFICATIONS

Product Weight: 84 g

Product Dimensions: 115×59.5×24.9 mm

Input: 5V=3A

Output: 4.48V=900mA×3

Operating Temperature: 5°C ~ 45°C

Material: ABS

Multifunctional Battery Case For Hero 13

Charging Storage Box For Hero 13

01

Comfortable grip

02

Simultaneous charging for three batteries
auto stop when fully charged

03

 Output: 4.48V=650mA×3
 Operating Temperature: 5°C ~ 45°C
 Material: ABS

01

Compact and slim design

02

Smart power level monitoring

03

Side charging for convenience

SPECIFICATIONS

Product Includes:
Rechargeable Lithium-Ion Battery×2
Battery Pocket Charger×1

Multifunctional Battery Case For Hero 13

Battery Fast Charging Box For Hero 9-12

01

1750mAh Long-lasting battery

02

Fast charge to full in 1.5 hours

03

Full decoding

04

Premium quality assurance

SPECIFICATIONS

Product Weight: 125 g
 Product Dimensions: 67.2×67.2×65.4 mm
 Limit Voltage: 4.4 V
 Fast Charging Current: 2 A

01

Charges three batteries simultaneously fully in 2 hours

02

Holds 3 TF cards

03

IP54 water-resistant

SPECIFICATIONS

Product Weight: 147.6 g
