Specifications

*Connect and install each accessory according to the diagram

*Please do not add any other adapters between the product and the camera, otherwise we are not responsible for any damage caused.

Before Using

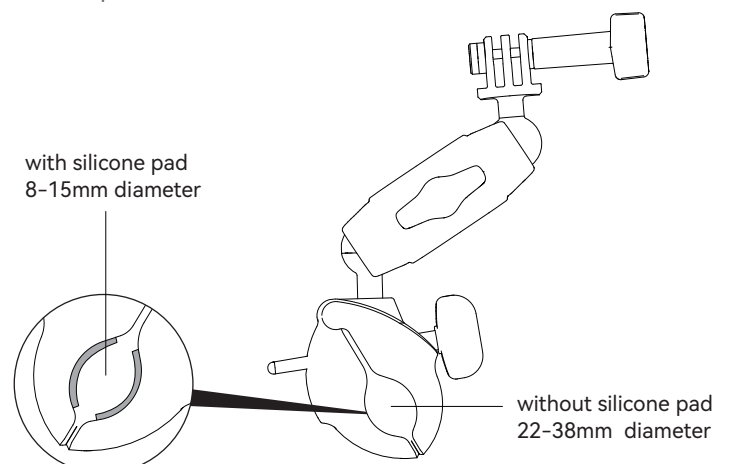

- 1 Twist the clamp knob 1 until the clamp support feet are spread to the right angle and then snap onto the tubular object you wish to secure.

- 2 Twist the clamp knob 1 until the clamp is securely fastened to the tubular object.

- 3 With the included silicone pad, a smaller clamping range can be achieved, with clamping diameters as small as 8-15mm. without the silicone pad, the minimum diameter of tubular objects can be clamped from 22-38mm.

- 4 Twist the knob 2 to adjust the angle of aluminum alloy joint to achieve multi-angle shooting. (Do not force the ball head to turn while locked to avoid damage)

- 5 The top end of the joint can be replaced with different adapters for use, depending on the model you choose. This product comes with a sports camera adapter and a 1/4-20 screw adapter.

1/4-20 screw adapter (For 360Camera)
